DETAILED ACTION

Claims

1. Claims 1-24 are pending.

Withdrawal of Rejections

2. Upon reconsideration, and in view of the scientific presentations and discussions made in the 24 December 2003 response and earlier, all of the prior art rejections are hereby withdrawn. Specifically:

3. The 35 USC 103 rejection over Matsumoto et al (US 5,763,028) in view of Qian et al (US 6,407,155), as set out in section 5 of the 21 August 2003 office action, is withdrawn.

4. The 35 USC 112 rejection set out in section 9 of the 21 August 2003 office action, is withdrawn.

Allowable Subject Matter

5. Claims 1-10 and 13-24 are allowed.

Reasons for Allowance

6. The applicable prior art fails to teach or suggest pouches/materials containing the polyester/polypropylene layers and adhesives claimed in which the adhesive layers contain clay platelets that provide barrier properties.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

New Rejection

Claim Rejections - 35 USC § 112

8. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 11 and 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 11 recites the limitation "material" in line 1. There is insufficient antecedent basis for this limitation in the claim. It is suggested that "platelets" be used.

Claim 12 recites the limitation "area" in 1. There is insufficient antecedent basis for this limitation in the claim. It is suggested that "space" be used.

Please clarify the claims.
